and acquired up graduation was done.

3. Prof. Pankaj Deoskar has thrown light on to increase the number of industrial visits of students, at least two per department, per semester to supplement the theoretical knowledge with practical of the students.

4. Coordinator Dr. Megha Kamble has summarized that exposure of students to the institute sign MOUs with industry and top universities for faculty and student development and formalize the alumni association and create chapters in India and abroad.

Issues open for discussion.

1. Action plan for teaching learning of new admitted students.
2. Review of feedback analysis from stakeholders on quality related institutional process.
3. Strategy for encouraging the students to industry driven national and global level competition.

4. plastic free campus - Initiatives in each department

1. Dr. Amar Singh, Rethare^{HoD} MIBA - has presented plan to conduct special guidance programs for New admitted Students.

2. Dr. Anil Kumar Saxena, Chairman, IOAC & amp; principal LNCTE Bhopal has explained in detail about Feedback analysis from Stake holders.

A detail discussion was initiated in order to take a overview and come out with Suggestion based on the needs of the Stake holders:-

1. It was identified that quality of students in Bhopal is better but concept of integrity should be introduced on a bigger scale, similarly documentation play a very important role. hence lectures, add-on courses dealing integrity, leadership, SKILLS, team building and debt handling should be organized.

2. Institution should motivate and facilitate teacher to visit industry in order to see the actual working of Industrial units. This will help a better understanding

of the actual skills required in the industries which can go along way in helping teachers while imparting the knowledge in the form of curriculum. This in turn will help faculty members and students to understand the expectation of the industry in a better way.

3. It was also suggested to submit a proposal to industries association to organize an orientation and training for faculty to have a better exposure to industry experience.

4. The newly established language lab of the Institution could developed modules for professionals and administrative staff of institution and industry to developed their language skills.

5. A suggestion was put forth by the students representative to organize a course on current affairs, ppt. The committee members opined that knowledge of current affairs, preparation of the presentation and general knowledge could be imparted through peer tutoring and organizing quizzes through students

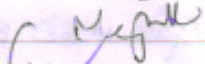

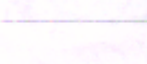

Council flipped learning initiatives were appreciated by the students.

3- Prof. Prashant Shrivastava, has explained in detail about to make strategy for encouraging the students to industry driven national and global level competition.

4. It is discussed by the house that to organize a program on plastic free campus by ~~the~~ all the department.

5. Any other issue with the permission of chairman.
